# INTRODUCTION

Defender is ready for every journey in all conditions. As desirable as it is capable, Defender offers you new levels of personalisation with four unique Accessory Packs - Explorer Pack, Adventure Pack, Country Pack and Urban Pack.

You can also choose from a wide range of interior and exterior stand-alone accessories to help you and your family make more of your world.

From a selection of carrying, towing, wheels and wheel accessories you can personalise your Defender, your way.

Find out more about the accessories available for your Defender at [accessories.landrover.com](https://accessories.landrover.com)

# INTRODUCTION

## METICULOUSLY DESIGNED AND ENGINEERED

Land Rover accessories are engineered by the same team who designed your vehicle. They are the experts who understand every inch of your Land Rover and its capabilities. Their expertise allows them to create accessories that complement the overall design of your vehicle, while optimising performance.

## TESTED TO THE HIGHEST INDUSTRY STANDARDS

All Land Rover accessories are rigorously tested and inspected to ensure they meet the exacting standards you expect from Land Rover. This ensures they always work in harmony with your vehicle.

Accessories are tested in extreme hot and cold temperatures to ensure they will perform in all conditions, all year round.

Corrosion resistance testing ensures accessories can withstand demanding climates such as coastal conditions, while a series of tests ensure seamless integration with your Land Rover's existing features.

Accessories are put through their paces in a series of bespoke tests specific to their design, function and the materials from which they're made.

Exterior accessory testing, for example, includes:

- Exposure to up to two years of direct sunlight known as 'Florida Weathering'.
- Heat Ageing Test for 500 hours.
- Extreme Heat Test ranging from -40°C to 80°C.
- Heat Shock Testing during which parts are cooled to -40°C for 16 hours, then heated to 70°C for 5 minutes.
- Humidity Resistance Test where accessories are subjected to 168 hours at 48°C in 95-100% humidity.
- Accelerated Environmental Cycle Testing comprising a relentless barrage of salt, dirt and dust to simulate real world driving.

## QUALITY ASSURED

For additional peace of mind, all Land Rover accessories come with a minimum 12 month warranty or can be covered under your vehicle's existing warranty if they're purchased within the first month of ownership or 1,600 kilometres/1,000 miles (whichever comes first).

For further information on accessories please visit [accessories.landrover.com](https://accessories.landrover.com)

## EXPLORER

### FIXED SIDE STEPS UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

### FRONT EXPEDITION PROTECTION SYSTEM UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with the front expedition protection system. For the ultimate in protection, the front expedition protection system enhances the front bumper by offering robust protection to the front of the vehicle and improves off-road clearance. The system includes a premium 'A' frame protection bar with an attractive Ceres Silver Satin insert and lower section, raised corners and a front undershield if required. Rigorously tested to adhere to pedestrian protection regulations.

# ACCESSORY UPGRADES

## EXPLORER

### DEPLOYABLE ROOF LADDER UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with a deployable roof ladder. Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility. The roof ladder is lockable when in the stowed position to ensure it is secure. The ladder has anodised aluminium steps with black, powder-coated aluminium sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame.

### ROOF RAILS UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with roof rails. Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminium with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100kg.

# ACCESSORY UPGRADES

## ADVENTURE

### 'A' FRAME PROTECTION BAR UPGRADE

Upgrade your Adventure Pack and enhance your vehicle with the 'A' frame protection bar. The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

### FIXED SIDE STEPS UPGRADE

Upgrade your Adventure Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

# ACCESSORY UPGRADES

When fitted, the maximum carrying capacity of the roof rails is 100kg.

# ACCESSORY UPGRADES

## COUNTRY

### 'A' FRAME PROTECTION BAR UPGRADE

Upgrade your Country Pack and enhance your vehicle with the 'A' frame protection bar. The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

### FIXED SIDE STEPS UPGRADE

Upgrade your Country Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

### DEPLOYABLE SIDE STEPS UPGRADE

Upgrade your Country Pack and enhance your vehicle with deployable side steps. These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle. Kit includes right and left side steps, side step undershields, module, module bracket and harness.

# ACCESSORY UPGRADES

## URBAN

### DEPLOYABLE SIDE STEPS UPGRADE

Upgrade your Urban Pack and enhance your vehicle with deployable side steps. These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle. Kit includes right and left side steps, side step undershields, module, module bracket and harness.

### FIXED SIDE STEPS UPGRADE

Upgrade your Urban Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. ## DEPLOYABLE SIDE STEPS

These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle.

# EXTERIOR STYLING

## BRIGHT SIDE TUBES

Aluminium side tubes with bright finish, provide an off-road inspired appearance and complement the vehicle's exterior design whilst providing some protection to the doors and body sills during off-road driving.

## MATTE BLACK BONNET DECAL

Enhance the appearance of your Land Rover Defender with this Matte Black bonnet decal. Includes a self-adhesive vinyl decal and two inserts with either '90' or '110' cut out detail to be applied as appropriate to the specific body style.

# EXTERIOR PROTECTION

## FRONT EXPEDITION PROTECTION SYSTEM

For the ultimate in protection, the front expedition protection system enhances the front bumper by offering robust protection to the front of the vehicle and improves off-road clearance. The system includes a premium 'A' frame protection bar with an attractive Ceres Silver Satin insert and lower section, raised corners and a front undershield if required. Rigorously tested to adhere to pedestrian protection regulations.

## A FRAME PROTECTION BAR

The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

## BRIGHT REAR SCUFF PLATE

A stainless steel bright rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road.

# EXTERIOR PROTECTION

## **CHEQUER BODY PROTECTION KIT**

The chequer body protection kit is ideal for protecting the paintwork from scratches. Manufactured from a high-quality, durable, 3mm thick plastic with an Anthracite coloured finish, it is moulded with the chequered design. This complements the chequered bonnet protection featured on all vehicles and echoes the heritage of Land Rover Defender. The kit features styling pieces for the mirror covers, wheel arches, rear corners and rear bumper of the vehicle.

# EXTERIOR PROTECTION

## FRONT UNDERSHIELD

A robust, 5mm anodised aluminium front undershield with a bright finish provides protection to the front lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly which enhances the protection. Allows easy access to the recovery loop which facilitates recovery of the vehicle if grounded. Rigorously tested to adhere to all pedestrian protection regulations, the undershield includes enhanced and comprehensive corrosion resistance to withstand harsh environments.

## BULL BAR KIT (AUSTRALIA AND SOUTH AFRICA ONLY)

The bull bar is an alternative to the front expedition protection system or 'A' frame protection bar. Mounted to the front bumper via a winch cradle, it provides extra vehicle protection from disabling damage to the vehicle from impacts with animals such as kangaroos, allowing the vehicle and passengers to continue their journey to the nearest point of safety.

# EXTERIOR PROTECTION

## INFLATABLE WATERPROOF AWNING

A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails it also has the flexibility to fit to either of the sides or rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump, included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminium tents pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimise trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 2m depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 27cm x width 27cm x length 50cm. Deployed (approx.) height 220cm x width 240cm x length 210cm - not including guy ropes.

## MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt whilst complementing the vehicle's exterior design.

## CLASSIC MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt. These larger, flexible, classic mudflaps complement the vehicle's exterior design and echo the heritage of Land Rover Defender. The rear mudflaps are Land Rover branded.

# EXTERIOR PROTECTION

## RAISED AIR INTAKE

Ideal when driving in dusty or sandy conditions, the raised air intake helps protect the engine by taking in cleaner air from an elevated position, above the bonnet, and therefore reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish, it secures to the vehicle's 'A' post and utilises the existing air intake vent fixings.

## WHEEL ARCH PROTECTION

Providing extended protection and enhancing the exterior style of the vehicle with a more rugged appearance, the wheel arch protection is manufactured from a high-quality, durable plastic with an Anthracite coloured finish. Easy to fit, they are ideal for protecting the wheel arches when driving off-road.

# INTERIOR

# INTERIOR STYLING

## **BRIGHT METAL PEDALS**

Alternative premium pedal covers for an interior styling enhancement featuring a bright finish. Manufactured from etched and polished stainless steel and features hidden fixings for a clean finish.

## **LUXURY CARPET MATS**

Luxurious, tailored, 2,050gm<sup>2</sup> deep pile carpet mat set with bright finish Land Rover ingot branding and waterproof backing, provides a stylish finishing touch and protection. Available in Ebony to complement all vehicle interiors.

## **PREMIUM CARPET MATS**

Premium, tailored, 800gm<sup>2</sup> pile carpet mat set with waterproof backing, provides a well-appointed finishing touch and protection to the interior. Available in Ebony or Lunar to complement the vehicle's interior.

# INTERIOR STYLING

## ILLUMINATED SILL TREADPLATE

Driver and passenger's front door sill treadplates add style to the vehicle and protect the sill trim from scuffs and scrapes. These stainless steel treadplates co-ordinate with your vehicle's interior to provide a premium appearance and durable finish. Feature etched 'Defender' script which subtly illuminates when the front doors are open using LED technology for low power consumption, safe operation and long life. Available in Ebony or Lunar.

## PERSONALISED ILLUMINATED SILL TREADPLATES

Driver and passenger's front door sill treadplates add style to the vehicle and protect the sill trim from scuffs and scrapes. These stainless steel, treadplates co-ordinate with your vehicle's interior to provide a premium appearance and durable finish. Selecting from an approved set of fonts/typefaces, you can choose a personalised message which will be highlighted in white illumination when the front doors are open using LED technology for low power consumption, safe operation and long life. Available in Ebony or Lunar.

## LOADSPACE TREADPLATE

Manufactured from stainless steel, the loadspace treadplate provides a premium Bright Silver finish to the rear loadspace area and protects the loadspace trim from scratches and scuffs when loading and unloading. Available with an Ebony or Lunar surround to complement the vehicle's interior.

# INTERIOR PROTECTION

## DEEP-SIDED RUBBER MATS

For the ultimate in footwell protection, this set of synthetic rubber mats contains deep-sided rubber mats for the first row and standard rubber mats for the second row. Perfect for containing sand, mud, water or snow from driver's and passenger's feet when returning to the vehicle. The mats are available in Ebony with a Bright finish metal, Land Rover branded ingot and the front mats follow the slope of the footwell for added protection. Both the first and second row mats attach securely to the floor with retention clips.

## EBONY SEAT COVERS

Helps protect seats from damp and dirt or general wear and tear from passengers and pets. Manufactured from 210D nylon, these tailored, Ebony seat covers are highly durable and wipe-clean. Easy to fit using elastic, velcro and gripping inserts, each cover protects the entire seat including the headrest.

## PROTECTIVE SECOND ROW SEAT COVER

Protects second row seats, door linings, floor and back of first row seats from damp, dirt and general wear and tear.

# INTERIOR PROTECTION

## LOADSPACE RUBBER MAT

The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stowed under the mat or detached when not in use.

## LOADSPACE SEMI-RIGID LINER

Increase the protection of the loadspace area with the loadspace semi-rigid liner which features 50mm high raised edges to both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stowed under the liner when not in use.

# INTERIOR PROTECTION

## QUILTED LOADSPACE LINER

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean.

## LOADSPACE FULL PROTECTION LINER

The loadspace full protection liner is the ideal solution to fully protect the loadspace when transporting large or dirty items. It is designed to cover the loadspace floor, sides, headliner and the inside rear door, providing full protection to the loadspace area from wet or muddy items like boots, garden waste, or leisure equipment.

# INTERIOR PROTECTION

## LOADSPACE PARTITION NET

Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stowed items in the loadspace area. The net fits to the loadspace 'D' loops and fixings in the roof lining. The net is easily detachable when not required.

## LOADSPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining. Complies with ECE-17 regulation.

# FUNCTION AND TECHNOLOGY

## ACTIVITY KEY

The Activity Key works like a normal vehicle key allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a normal key might not be convenient.

## DASH CAM

The Land Rover dash cam records footage of driving events and incidents and is designed to integrate seamlessly into your vehicle's cabin and electrical system. Engineered to have low power consumption for extended use, the dash cam features full HD front and rear video cameras.

# FUNCTION AND TECHNOLOGY

The Click and Go range provides a platform for a multitude of options, whether you need to store a jacket crease-free with the Click and Hang attachment or entertain the family with Click and Play. All accessories seamlessly integrate with your Land Rover's stylish interior, enabling you to create an environment that's perfect for all your needs.

## CLICK AND WORK

The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.

## CLICK AND PLAY

This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.

## CLICK AND HANG

This removable coat hanger allows shirts or jackets to be kept crease-free whilst transporting. Also includes an integral hook for use outside the vehicle.

## CLICK AND HOOK

This universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.

# FUNCTION AND TECHNOLOGY

## **CENTRAL ARMREST COOLER/WARMER**

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

## **PREMIUM SEATBACK STOWAGE**

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

## **SEAT BACK STOWAGE**

Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

# FUNCTION AND TECHNOLOGY

## LUGGAGE RETENTION NET

Prevents items and luggage from moving around the loadspace during transit. Utilises the loadspace 'D' loops and includes floor net and two ratchet straps which are approximately two metres long.

## LOADSPACE RAILS

Loadspace rails increase the flexibility of loadspace stowage by allowing the fitment of the loadspace retention kit and security box.

# SAFETY

## CHILD SEAT - GROUP 0+

For babies from birth - 13kg (approximately birth to 12/15 months). Land Rover branded. Rearward facing on rear seat. Includes wind/sun canopy and padded machine washable cover. Easy, height adjustable headrest and five-point harness with one-pull adjustment. Can be installed with the vehicle's three-point seat belt or the child seat ISOFIX base. Approved to European test standard ECE R44-04.

## CHILD SEAT - GROUP 1

For children 9kg - 18kg (approximately 9 months to 4 years). Land Rover branded. Forward facing on rear seat. Padded machine washable cover. One-pull, height adjustable headrest and five-point harness. Improved side impact protection. Multi-position recline system. ISOFIX fitment only. Indicators confirm the ISOFIX has been correctly installed. Front ISOFIX release for ease of use. Approved to European test standard ECE R44-04.

## CHILD SEAT - GROUP 2/3

For children 15kg - 36kg (approximately 4 to 12 years). Land Rover branded. Forward facing on rear seat. Padded machine washable cover. Height adjustable headrest and upper seat belt guides ensures correct seat belt position. Improved side protection from deep, padded side wings. Can be installed with the vehicle's three-point seat belt or ISOFIX system. Approved to European test standard ECE R44-04.

# PET PRODUCTS

110  
ONLY

## FOLDABLE PET CARRIER

The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm.

## SPILL RESISTANT WATER BOWL

Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml.

## PORTABLE RINSE SYSTEM

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional stowage bag it can be secured to the loadspace 'D' loops during transit, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

# PET PRODUCTS

## PET ACCESS RAMP

Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them. The ramp is suitable for use for pets up to 85kg and features aluminium side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm.

## QUILTED LOADSPACE LINER

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

# PET PRODUCTS

## LOADSPACE RUBBER MAT

The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stowed under the mat or detached when not in use.

## LOADSPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row one seating and to fixings in the roof lining. Complies with ECE-17 regulation.

# PET PRODUCTS

## PET TRANSPORTATION PACK

Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the foldable pet carrier, spill resistant water bowl and loadspace rubber mat. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

## PET LOADSPACE PROTECTION PACK

Designed to provide protection and easy cleaning of the loadspace from wet and muddy paws. Combines the quilted loadspace liner, full height luggage partition and spill resistant water bowl. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

## PET CARE AND ACCESS PACK

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, pet access ramp and portable rinse system. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

# CARRYING AND TOWING

## DEPLOYABLE ROOF LADDER

Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility.

## EXTERIOR SIDE-MOUNTED GEAR CARRIER

Exclusive to Land Rover, the exterior side-mounted gear carrier provides easy to access storage on the outside the vehicle. Designed for aerodynamic performance and to minimise wind noise, it is material tested to ensure it can withstand harsh environments. It is also compatible with the radio antenna, however metallic objects inside the gear carrier may affect radio performance. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle.

# CARRYING

## ROOF RAILS

Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminium with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100kg.

## CROSS BARS

Designed and engineered specifically for Land Rover Defender, the cross bars are optimised for aerodynamic performance and to minimise wind noise. Manufactured from anodised aluminium for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the cross bars are fitted to the roof rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying.

## EXPEDITION ROOF RACK

The expedition roof rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle whilst providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimise wind noise. The expedition roof rack fits directly to the roof rails, providing a flexible roof carrying solution that can be removed when not required.

## LUGGAGE CARRIER

Flexible rack system to facilitate roof carrying.

## ROOF BOX

Roof mounted luggage box with sleek, aerodynamic design. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security.

# CARRYING

## SKI AND SNOWBOARD CARRIER

The ski and snowboard carrier is designed to fit directly into the cross bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces.

## AQUA SPORTS CARRIER

Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45kg.

## AQUA SPORTS CARRIER FOR TWO KAYAKS

Suitable for carrying two kayaks or canoes. Also suitable for transporting crafts such as small boats. T-track adaptor and adjustable 275cm strap included.

# CARRYING

## **FORK MOUNTED CYCLE AND WHEEL CARRIER**

Fitted to the roof, the fork mounted cycle and wheel carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of two holders can be fitted. The maximum bike weight is 17kg per carrier.

## **WHEEL MOUNTED CYCLE CARRIER**

A roof mounted cycle carrier which is easy to fit and mounts to the T-tracks of the cross bars. Manufactured from premium materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Suitable for bike frames up to 100mm. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading.

## **TOW BAR MOUNTED CYCLE CARRIER**

The tow bar mounted cycle carrier provides a compact and stable bike carrying solution for vehicles fitted with a tow bar. Manufactured from aluminium and other lightweight materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Featuring a one hand, quick attach/release tow bar coupling mechanism and it can be tilted away from the vehicle, by use of a smart foot pedal, to allow easy access into the loadspace area even with bikes mounted. The tailgate can be opened with carrier in deployed/folded position. Comprising of a licence plate plinth and rear lighting for enhanced safety, the carrier locks onto the tow bar and all bike positions are lockable to the carrier for security. When not in use the carrier can be easily folded flat for simple storage and will fit into most vehicles' loadspace areas. Maximum load capacity is 40kg for 2 bike carrier and 51kg for 3 bike carrier (maximum 20kg per bike).

# TOWING

## ELECTRICALLY DEPLOYABLE TOW BAR

The electrically deployable tow bar is operated via a switch in the rear loadspace and also by infotainment systems. It is sensitive to obstruction encountered during deploying/stowing and will stow automatically if necessary. The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use providing a clean attractive finish.

## DETACHABLE TOW BAR

Convenient and easy to use, the detachable tow bar ensures a clean look when not in use. Supplied with 50mm detachable tow ball which can be stored under the loadspace floor in a dedicated location when not in use. Maximum towing capacity 3,500kg and 195kg nose load. 13 pin towing electrics are included.

## MULTI-HEIGHT TOW BAR

Multi-height tow bar offers three different towing height positions and the ability to swap height easily. Simple to fit/remove following initial retailer installation. Includes 50mm tow ball. Approved for up to 3,500kg trailer load and nose load of 195kg. 13 pin towing electrics are included.

# WINCH

## REMOTE CONTROL ELECTRIC WINCH

Superior capability can be achieved through the addition of a powerful, remote control, electric winch. Designed to fit to the front of your Land Rover Defender, this winch comes with wireless remote control with a remote controlled clutch, allows safe operation away from the vehicle. Manufactured by Warn, the Zeon Platinum 10-S has a pre-set maximum pull force of 4,536kg/10,000lbs via the overload device. Supplied with 80' of 3/8" Spydura synthetic rope, making it more practical, user-friendly and easier to handle.

## WINCH ACCESSORY KIT

The winch accessory kit includes two 'D' shackles, a snatch block, a 2" x 8' tree trunk protector, a pair of heavy duty leather and cotton gloves and a winch manual, and all provided in a rugged, red nylon soft case.

# WHEEL ACCESSORIES

## STYLED VALVE CAPS

This exclusive range of styled valve caps, available in a choice of designs, provides a subtle styling enhancement to alloy wheels.

## WHEEL NUT KIT

Set of 20 wheel nuts, recommended for use with Gloss Black finish alloy wheels.

## LAND ROVER WHEEL CENTRE CAP

Enhances and adds style to alloy wheels. Features Land Rover logo.

## LOCKING WHEEL NUT KIT

Manufactured to demanding safety standards, locking wheel nuts provide added security at low cost for valuable wheels and tyres. Kit includes a set of four locking wheel nuts and one key tool.

## SNOW TRACTION SYSTEM

The snow traction system is designed to give improved steering and braking control on snow and ice, when fitted to front wheels. Easy-fit design, manufactured from high quality hardened galvanised steel, the chains are supplied in a tough vinyl carry bag for storage when not in use.

## TYRE PRESSURE GAUGE

Digital tyre pressure gauge which stores recommended pressure and has a 360° rotating nozzle to locate tyre valve, LED light to locate tyre valve, tread depth gauge to measure tyre tread depth, measuring in psi, bar, kpa, kg/cm<sup>2</sup>. Range 0-99 psi/0-7 bar and comes complete with storage case.

## IMPORTANT NOTICE

Whilst Land Rover take the utmost care in ensuring that all details in this publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice.
